

PowerLINE

% Business Financing

Business 0% Financing for your Miller® welding equipment needs

The PowerLine 0% Finance Program offers you 0% financing for 12 months so you can purchase the equipment you need NOW. PowerLine 0% financing offers flexible terms to finance Miller welding equipment and accessories to make your system acquisition more affordable.

There are plenty of great reasons to finance—here are just a few:

- **Low Monthly Payments** – Financing provides your business the use of the equipment at a low monthly cost with flexible structures.
- **100% Cost Coverage** – Finance up to 100% of your Miller welding equipment needs, including accessories, shipping costs, and taxes.
- **Conservation of Capital** – With equipment financing, you're free to spend cash on other items needed to grow your business.
- **Easier Budgeting** – Since everything is included in one easy payment amount, budgeting the expense over the term is easier.
- **Fixed Payments** – Payments are locked in now, avoiding the risk of inflation in the future.
- **Preserves Credit** – Financing doesn't tie up lines of credit, so you have more available credit when you need it.
- **Flexible Payment Structures** – Payment plans can be structured to meet your specific cash flow needs. 12, 24, 36, 48, and 60 month terms available.
