Urban Workshop

UTI

Last March, Encore – a long-time supporter of the local American Welding Society (AWS) section – hosted the group's Technical Meeting & Student Night at our Long Beach showroom / warehouse.

The event attracted over 325 attendees, including students and instructors from seven local colleges, industry and trade union representatives and regional and national vendors performing live, hands-on demos of their latest and greatest products!

The September AWS Technical Meeting & Student Night is shaping up to be even better, and we hope you can join us!

Anyone interested in learning more about the latest in welding and fabrication technology is welcome to attend!

March 2025 Student Night

**Attendance is Free,
and All Are Welcome!**
